

Economic Development Links

We've compiled a comprehensive set of website links that may be helpful to you. Please be aware that by clicking on these links you are leaving the Montgomery Township website. The Township does not endorse or promote the specific content of any other website.

Starting a Business

The Secretary of State offers information on starting a business in New Jersey. Throughout their Business Portal, you can find useful information on selecting a business type for your circumstances, naming your business, and registering with the State of New Jersey. You will also be able to access information that you may need on licensing and permits, financing and incentive programs, and business opportunities.
