

Smart911

Help Emergency Responders to Help You

Would 9-11 operators and first responders have critical info about you or loved ones if you called for help in an emergency? What if you could not speak? Time is precious in these situations.

Sign up for a Safety Profile on Smart911. The Somerset County Emergency Call Center has been using it since 2020 with strong results. But it is only as good as your participation. It is open to everyone. It is free, private, and secure.
